

## 'Return to the Pool'

### Advice 2

Dear Clubs,

Northern Territory Swimming clubs are one of the first sporting groups in Australia beginning their transition back into training.

As a NT sporting club, you must complete the Covid-19 safety checklist before reopening to your members. The checklist is a requirement to assist in the implementation of safety strategies set out by the Northern Territory Government's health principles.

This ensures that clubs have a safety plan in place before the commencement of club activities like training. Coaches and Club committees should work together to develop this plan.

Before completing the checklist please read the Key Principles for reopening which can be found here <https://coronavirus.nt.gov.au/steps-to-restart/roadmap-new-normal>

The checklist takes roughly 30mins and needs to be completed via this link <https://coronavirus.nt.gov.au/steps-to-restart/business>

Facilities are likely to request these plans before taking bookings for organized training.

Swimming NT asks clubs to forward the confirmation email with the attachment of your checklist to [thomas.noblett@nt.swimming.org.au](mailto:thomas.noblett@nt.swimming.org.au) **prior** to 'Returning to the Pool'.

All the best,

*Swimming Northern Territory*
